

Southland Regional Council
(known as Environment Southland)
Eastern-Dome Constituency
Electing 2 Regional Councillors

Ali TIMMS

My principal place of residence is in the Eastern-Dome Constituency area.

Finding the balance that ensures water quality in Southland is maintained and improved while our local economy can grow and diversify is my number one priority.

This is not an easy challenge, and it can only be achieved by continuing to listen to and work with Southland's rural and urban communities for a sustainable and resilient future.

I listen, am open minded and approachable, and like to get on with the job.

I'm seeking your support to effectively deal with the issues that matter to you and to continue to advocate locally and nationally on your behalf.

You're welcome to contact me ali.timms@gmail.com
