

Southland Regional Council
(known as Environment Southland)
Invercargill-Rakiura Constituency
Electing 6 Regional Councillors

Bruce PAGAN

My principal place of residence is in the Invercargill-Rakiura Constituency area.

The Southland Regional Council is uniquely placed, to lead Southland on the pathway to protect our natural resources for our children and their children to come, and I want to be part of

that process.

Our care and stewardship of our resources is paramount, but so too are the needs of the people who choose to live and work within the region.

The Council needs to tread carefully between the various competing interest, i.e. farmers, conservationists, activists, industry and ratepayers.

We all have a responsibility and indeed a duty, to make the hard decisions that ensure that the resources we use are fit for purpose.

We need practical solutions that nurture and protect the resources that are within our control such as a safe potable water supply and productive land care and use.

Our environment is unique; it's time to ensure it stays that way!
