

Southland Regional Council
(known as Environment Southland)
Hokonui Constituency
Electing 1 Regional Councillor

Grant HUBBER

My principal place of residence is in the Hokonui Constituency area.

My wife Sharon and I farm at Waianiwa. I am currently Chairman of the Borland Lodge Education and Adventure Trust, and a member of Invercargill Host Lions Club. With the many challenges facing the community around the Water and Land Plan process, proposed limit setting, and future legislative changes, I believe it is important to ensure all outcomes are fair and equitable for both the urban and rural community for Southland to prosper. I have and will continue to advocate for efficient use of resources, balanced resource management, practical and common sense decisions based around good science. I have enjoyed representing the Hokonui Constituency and thank everyone for their support. As I am committed to this role, I seek re-election and respectfully again ask for your vote.
