

Southland Regional Council
(known as Environment Southland)
Fiordland Constituency
Electing 1 Regional Councillor

Paul EVANS

My principal place of residence is in the Fiordland Constituency area.

Hello to all, my name is Paul Evans.

Born and raised in Tuatapere, then moving to Te Anau nearly 40 years ago, I am a Southlander to the core.

I love our region and a huge part of that is our people and environment. The diverse landscapes and fantastic community environment projects.

Proud to be married to Kim, and with 3 grown children who all share a keen interest in our Region.

My passions are the Waiau River, Bluecliff Beach, Te Wae Wae and Fiordland.

Some of the issues that I would like to work on is the increasing amount of litter and rubbish around our region and beaches. Pest eradication projects including Canadian Geese and Rabbits. Water Quality and monitoring including Fiordland and inland waterways.

I look at where I live every day and know I would be privileged to represent Fiordland constituents as their councillor.
