

Southland Regional Council
(known as Environment Southland)
Hokonui Constituency
Electing 1 Regional Councillor

Russell Gordon MACPHERSON

My principal place of residence is in the Hokonui Constituency area.

Thanks for taking the time to read my profile. Southland is a unique place to live. I am proud to say Southland is the place of my birth and where my bones will be laid to rest. As I look back to

past generations I see the hard work and the risks they took to build a Southland we can be proud of. We have made some mistakes but with a steady hand we can build a Southland this generation and the generations to come can be proud of.

What I offer to you as a voter is a steady hand, but open to new ideas with a sense of conservatism and common sense.

Married to Carol 36 years, with 3 married children and 8 grandchildren who all live in Southland.

Been involved in Federated Farmers, 3 years President.

15 years Board of Trustees.

Farming businesses.
