

## THE ENVIRONMENT COURT OF NEW ZEALAND

### AMENDED NOTICE OF EXPERT WITNESS CONFERENCE

Expert witness conferencing following evidence exchange has been arranged firstly, for expert witnesses giving evidence related to ***River Water Quality and Ecology*** and secondly, for expert witnesses giving evidence related to ***Lake Water Quality and Ecology*** at the proceedings listed in the attached Schedule.

The conference of River Water Quality and Ecology witnesses has been set down for a minimum of **2 days** (parties are advised that **Thursday 9 May** and **Friday 10 May** are reserved to either continue the River Water Quality and Ecology conference or begin the Lake Water Quality and Ecology conference) and will take place as follows:

<b>DATE:</b>	Tuesday, 7 May 2019 – Wednesday 8 May 2019
<b>TIME:</b>	09:00 AM
<b>VENUE:</b>	Conference Room Kelvin Hotel 20 Kelvin Street Invercargill

The purpose of the expert witness conferencing is to enhance the efficiency of the Court hearing process by providing for the experts to confer and identify the issues on which they agree and on which they disagree, with reasons. This will enable the Court to focus primarily on matters that remain in dispute while understanding the basis for agreed matters.

### DIRECTIONS

Counsel are to provide their respective experts with a copy of the Environment Court's Expert Witnesses Code of Conduct (Part 7, Environment Court Practice Note 2014) and Protocol for Expert Witness Conferences (Appendix 3, Environment Court Practice Note 2014) and to brief them on their responsibilities under these. Particular attention is to be drawn to those parts which require experts to express their views independent of counsel and the parties who have engaged them.

Experts are to be provided with all documentation relevant to the appeals updated as appropriate, pre-circulated evidence and reports necessary to enable them to thoroughly understand the issues in the proceeding. The experts must attend the conference fully up-to-date with the relevant information.

Counsel are to liaise with conferencing experts to prepare a draft conference agenda addressing key issues identified and pre-circulate it in electronic form to all conference participants, including the facilitator, **5 days** prior to the River Water Quality and Ecology conference for both conferences. A final agenda is to be filed **3 days** prior to the River Water Quality and Ecology conference date, taking into account any feedback from the facilitator.

Counsel are to liaise on the provision of a suitable recorder to attend the conference to assist with preparation of the Joint Witness Statement under the direction of the experts and facilitator. The Recorder is to be supplied with the necessary technical equipment, including a laptop computer, projector and screen to facilitate preparation and recording of the Statement.

The Joint Witness Statement agreed from the conference will identify the issues, both agreed and not agreed, accompanied by the experts' reasoning set out as succinctly as the circumstances allow. The Joint Statement is to be completed, signed and dated on the day or, with the facilitator's agreement, as soon as possible thereafter. Counsel are to arrange for one of their number to be responsible for circulation of the joint statement to the parties, the facilitator and filing with the Court.

Participants are to be advised by counsel that all aspects of conferencing are privileged except for the signed joint witness statement prepared by the experts, which will become part of the public record.
