Subject: RE: ENV-2018-CHC-26-50 - Proposed Southland Water and Land Plan Appeals

Dear Alexandra,

Please accept this email in lieu of a memorandum.

Federated Farmers in general does agree with the Council's assessment of the scope of Fish & Game's appeal.

In our opinion, seeking to adopt region-wide standards in this Plan does not align with the planning framework set out in the SRPS.

We consider that as other parties have not had the opportunity to submit on the newly proposed framework during the further submission process they may be prejudiced by the late introduction of region-wide numerics.

Federated Farmers will abide by any direction the Court may make in relation to these matters.

regards
