1. Transpower New Zealand Limited (**Transpower**) wishes to be a party to the following proceedings:
 - (a) ENV-2018-CHC-000039 *Alliance Group Limited v Southland Regional Council*.
2. Transpower made a further submission about the subject matter of the proceedings, and has an interest in the proceedings that is greater than the interest that the general public has as the owner and operator of the National Grid which the appeal relates to.
3. Transpower is not a trade competitor for the purposes of section 308C of the Resource Management Act 1991 (the **RMA**).
4. Transpower is interested in part of the proceedings.
5. Transpower is interested in the following parts of the proceedings:
 - (a) Objectives 13, 13A and 13B; and
 - (b) Policies 15, 15A, 15B and 15C.
6. Transpower opposes in part the relief sought, including for the following reasons:
 - (a) Transpower shares the same concerns with the use of the word “avoid” in Objective 13B of the Proposed Plan, and in its further submission on the Plan sought that the Objective provide a remedy or mitigate pathway. However, the relief proposed by the Appellant has the potential to adversely affect the operation, maintenance, upgrade, and development of the National Grid; and

(b) Transpower considers the decisions version of Policies 15A, 15B and 15C better reflects the general approach to the management of effects in section 5 of the RMA.

7. The relief sought Transpower agrees to participate in mediation or other alternative dispute resolution of the proceedings.
