Standard Fees - Deposit	
Certificate of Compliance (GST inclusive)	\$1,538.70

Environment Southland accepts payment in the form of cash, Eftpos, or electronic transfer. All electronic transfers must include the applicant's name and "consent application" as a reference. Please make electronic payments to: Environment Southland, 01-0961-0018998-00.

Requesting further information

Pursuant to Section 139(4), Environment Southland may request further information from an applicant if necessary to determine whether the proposal complies with the relevant regional plan. Please note a Certificate of Compliance needs to be issued within 20 working days of receipt of the request by Environment Southland. If further information is requested, then the decision on the application does not need to be made until 20 working days after the information requested has been received (s139(6)(b)). If the Council is not satisfied that the activity can be undertaken lawfully without resource consent, then the application will be declined.

Lapsing of a Certificate of Compliance

Section 139(7)(b) requires that a Certificate of Compliance states that the particular proposal or activity was permitted, or could be lawfully carried out without a resource consent, on the date the request was received by the council. Effectively, the Certificate of Compliance acts as a "snapshot" in time, confirming that an activity was permitted at the date the application was received by the council.

A Certificate of Compliance lapses if the activity is not undertaken within five years of the certificate being granted

Note to Applicants Lodging hybrid activity applications

If an applicant chooses to apply for resource consent and a Certificate of Compliance, then two separate applications need to be made (i.e. both an application for a Certificate of Compliance for the permitted components AND an application for a resource consent). Please note that if this Certificate of Compliance is being applied for in conjunction with a resource consent, the permitted component must still be described in the assessment of effects within the overall resource consent application.

How much will it cost to process my application?

Environment Southland's User Charges and Fees document is available at: www.es.govt.nz/fees-and-charges. When the consent has been processed you will receive an invoice for an additional fee, or for a refund.

User Charges

Please note that additional Annual User Charges will apply to all consents.
