

BEFORE THE SOUTHLAND REGIONAL COUNCIL

IN THE MATTER OF The Resource Management Act 1991 (**Act**)

and

IN THE MATTER OF an application by M and C Adams as Trustees of the MJ Adams Trust for

- a land use consent for new dairy farming that did not exist as of June 2016 by increasing both land area and cow numbers;
- a discharge permit for the discharge of farm dairy effluent from up to 1,150 cows; and
- a water permit for the abstraction of up to 126.5 cubic metres per day of groundwater for stock drinking water and dairy shed washdown

(APP-20181750)

**THIRD MINUTE OF HEARING COMMISSIONERS
ADDRESSING ADDITIONAL EVIDENCE TO BE PROVIDED**

- 1 Further to our minute of 6 May, the applicant's evidence outlines some changes to the application, including inclusion of an additional block of land to the north and additional mitigation on the East Block. This has resulted in new OVERSEER modelling being undertaken.
- 2 In order that the Council and submitters have sufficient time to adequately understand and review the amendments to the proposed farm system and provide any response at the hearing, we make the directions below.

Directions

3 We **direct** that:

- The applicant provides all .xml files used to generate the OVERSEER budgets provided in their evidence to the Council, attn. Lacey Bragg, by 4 pm on Thursday 9 May 2019.
- Any submitter wishing to receive a copy of this information should advise Ms Bragg.
- Leave is reserved to all parties to apply to vary these directions. Any application to vary is to be filed and served by 4 pm 7 May 2019.
