Tēnā koe,

Attention: Blue Sky Meats – Water Permit & Discharge Permit

Thank you for forwarding a copy of the resource consent application to discharge land drainage water and stormwater to water and to take groundwater for the purpose of dewatering a wastewater treatment and storage pond site at 729 Woodlands-Morton Mains Road, Morton Mains, Southland.

Te Ao Marama Inc. write this letter on behalf of the kaitiaki rūnanga whose takiwā includes the site the application is within. Rūnanga representatives have been informed and accept the proposal outlined in the application which originally came through on the 30<sup>th</sup> of June 2022. The applicant has since resubmitted the application with volunteered conditions.

The applicant and mana whenua have agreed to the following further condition of consent;

- The consent will be granted for a maximum of 25 years, which reflects mana whenua values of not making decisions for the next generation;

“Mō Tātou, ā, Mō kā Uri ā Muri Ake Nei”

*“For us, and for the generations to come.”*

This has been incorporated into the consent application.

It is considered that the application is consistent with Te Tangi a Tauri, 2008 (Ngāi Tahu ki Murihiku Natural Resource Management Plan). Please be advised that rūnanga provide their unconditional written approval to the application and understand that the consent authority must decide that rūnanga are no longer an affected person, and the consent authority must not have regard to any adverse effects on rūnanga.
