Details of my submission

Yes

I was employed by Waikaia Gold Ltd (WGL), a sister company to Waikaka Gold Mines Ltd (WGML) with the same shareholders and board, from 2013 to 2023. I found WGL to be a very professional company with attention to detail in regards to compliance of consent conditions, health and safety, rehabilitation and community involvement. I have no doubt that WGML will continue to exhibit those attributes when they

Outcome sought

I wish Environment Southland to make the following decision

To support the application.

Why I wish Environment Southland to make this decision

I wish ES to grant resource consent to WGML as they will benefit the local community in wages, fuel, power supply and other services such as engineering etc. They will also benefit the community by generous contribution to such things as educational services, sporting bodies and local voluntary services, as well as utilising local contractors and hospitality businesses etc.

My experience with WGL suggests that granting these consents and permitting the mine to proceed will be beneficial to the community as a whole.
