Waikaka Gold Mines Ltd Environment Southland Resource Consent

Application: - APP20242608

Reasons for Submission

I would like to provide my positive support for Waikaka Gold Mines Ltd's Environment Southland submission for application number APP 20242608, mining near 972 Waikaka Road, Chatton North, Southland.

As a past employee of Waikaka Gold Mines Ltd's sister company Waikaia Gold Ltd, I was involved in the operational monitoring required for meeting Waikaia Gold's Environment Southland resource consents.

These companies are truly professional in their approach and attitude to mining and take environmental issues very seriously.

As a resident neighbour of the Waikaia Gold stage 1 mining path, my wife and I had firsthand experience of their positive approach to meeting their consent responsibilities pertaining to noise and dust abatement.

The track record of Waikaka Gold Mines Ltd's sister mining company Waikaia Gold speaks for itself as to the terrific job that was done in meeting their environmental responsibilities. The mining site rehabilitation at Freshford is exemplary and testament to their professionalism and willingness to environmentally do the right thing.

The reason for providing my support is so that the Waikaka community and wider district can benefit from the positive economic input that such a new local business will provide, similar to that the Waikaia community and district received.

I wholeheartedly support Waikaka Gold Mines Ltd's Resource Consent application APP 20242608 and believe that Environment Southland can approve this application with confidence.

I wish the Council to make the following decision *(Give precise details, including the nature of any conditions sought)*

To approve resource consent APP 2024 2608.
