

Southland Regional Council
(known as Environment Southland)
Invercargill-Rakiura Constituency
Electing 6 Regional Councillors

Bruce PAGAN

My principal place of residence is in the Invercargill-Rakiura Constituency area.

Southland is a community of which I am very proud! As a family we have enjoyed the many resources, vistas and adventures that it offers and

I want the same for my children and their children to come. It is my time to offer back a guardianship of our life sustaining environments through sensible, practical decision making, coupled with a realisation that change is needed to manage, protect and enhance all our natural environments. I offer a wealth of life experiences in service to the community and a willingness to make things work! People are our most valuable resource and my aim is to provide the balance to ensure that our finite resources are protected and managed to ensure their survival for the benefit of all.
