Please explain in the space below why you come within the category indicated above:

Milford Sound Tourism Ltd (MSTL) owns and operates harbour infrastructure located at Freshwater Basin Milford Sound. This includes the dredged harbour, breakwater, berths, pontoons, wharves and promenade all which equate to millions of dollars of investment. In addition to this MSTL also hold various coastal permits for activities in the Fiordland Coastal Marine Area (CMA). Because of these reasons, the proposed plan change has the potential to impact business operations.
