Dear Hilary/Joanna

**RE: ALLIANCE GROUP LTD – LORNEVILLE PROCESSING PLANT - RESOURCE
CONSENT APPLICATIONS**

On behalf of Alliance Group Limited (Alliance) please find enclosed applications for various discharge, water and land use permits associated with the ongoing operation, upgrading and maintenance of Alliance's Lorneville Meat Processing Plant.

As you are aware, Alliance commissioned a number of technical investigations and assessments as part of its reconsenting programme for its Lorneville Plant which commenced in 2012. The environmental assessments undertaken involved the collaborative input of a broad range of engineering, ecological, environmental and cultural specialists. Alliance and its independent technical advisors collaborated to identify potential adverse environmental effects of the ongoing operation and use of the Plant, along with associated measures to ensure that any such effects are appropriately avoided, remedied or mitigated and relevant statutory considerations addressed. An assessment of effects and the technical reports prepared in support of the various resource consent applications are therefore enclosed.

We enclose one full hard copy of the documentation being submitted and five electronic copies (on USB drives).

As arranged, Alliance anticipates that it will receive an invoice for the required deposit in order to commence the processing of these applications. It would be appreciated if you could advise the required amount and issue this invoice as soon as possible.

We trust that the information submitted will be sufficient for your needs in assessing these applications.

Yours sincerely,

MITCHELL PARTNERSHIPS LIMITED
