Good Morning George

In response to your further information request on the 1 July 2020 requesting noise level measurements for the Fiordland Cruises application, please find attached two videos provided by the applicants showing the noise levels of the Southern Secret vessel. The videos show noise levels of the vessel at speeds of 5 knots and 9 knots.

The videos can be accessed via the link below. Please disregard yesterdays emails as I was having an issue in sending them to you due to them being blocked by the ES IT system as they were video files.

If you have any questions or queries please don't hesitate to contact me.

Kind Regards  
Bridgett
