Submission details

My submission relates to the whole application	Yes
Details of my submission	<p>The lake needs to be opened for the good of the lake. It's health is of utmost importance and the lake needs to be opened regularly so that any nutrient and sediment can be flushed out to the sea.</p> <p>In the past I'd seen the water putrid and with a very bad smell. It took a lot to washing to get that smell out of my skin. I wouldn't want to see the lake go back to that.</p>

For **now**
& **our future**

I've been in the area for 72 years and I've seen the country developed into first class farms.
The farms should not have to go backwards and deteriorate because the lake is blocked.
