Wish to SUPPORT / OPPOSE / submit a NEUTRAL submission on (circle one) the application of:

Name: Ewen Pirie

And/or Organisation: on behalf of the Lake Waituna Control Assn

Application Number: APP-20211669

Location: Coastal bar between Waituna Lagoon and the sea

My reasons for my submission are: (State the nature of your submission and give clear reasons. Continue on attached pages if necessary)

We have lived in the catchment for 50 years and have the Waituna creek running through the middle of our property.

my main issue is that the rights of the landowners has not been fully considered. The consultation process has been under-whelming. It has been difficult for people in the catchment to be heard when they were the walls went up because the trust didn't like what was being said. There has to be compromise on both sides.

The trust needs to buy more land if they wish to raise the lake levels as farmers should have the use of there land if they own it.
Seems unfair for the trusts decisions to impact on a landowners ability to farm.

Environment Southland is mostly to blame for this situation as in the last 25 yrs they have given consents for dairy farm and its doing so generated income for themselves so they have profited.

as sheep & beef farmers we use more natural fertilizers so this is another practice that could be encouraged.

I wish the Council to make the following decision (Give precise details, including the nature of any conditions sought)

Status Quo to continue - Trust to purchase more land if they wish to raise lake levels - we must have the ability to open lake after rain events for flushing.

We have an automated water analysis system at the end of a 200 mm tile which goes directly into the Waituna creek.

This equipment has the ability to accurately tell us what our nutrient losses are.

We have shared this information with members of the trust who seemed disinterested. Surely evidence based decisions are the way forward and need to be embraced by all.

I, am/am not (choose one) a trade competitor* of the applicant (for the purposes of Section 308B of the Resource Management Act 1991).

*If trade competitor chosen, please complete the next statement, otherwise leave blank

I, am/am not (choose one) directly affected by an effect as a result of the proposed activity in the application that:

- (a) adversely affects the environment; and
- (b) does not relate to trade competition or the effects of trade competition.

I, do/do not (choose one) wish to be heard in support of my submission.

I, do/do not (choose one) wish to be involved in any pre-hearing meeting that may be held for this application.
