Applicant details

Name of applicant	E Pirie
Activity location	19 Waituna Lagoon Road, RD 5, Invercargill 9875
Application number	APP 20211669

Submission details

My submission relates to the whole application

Yes

Details of my submission

We are owners of a forestry block at the lower end of Waituna Creek (White pine road). We are concerned that if the lagoon opening is only opened when the level reaches 2.5m (up from 2m) then our access to our property will be restricted and cause damage to our trees through flooding and poor drainage. Under the Emission trading scheme we are liable for any damage.

For **now**
& **our future**

We also are beneficial owners of Maori land in Otago and Southland. Through past actions similar to this most of tis land has been rendered economically useless. We don't want this to happen again. We have very little faith in what the Crown or their agents say.

We understand the importance of Waituna Lagoon too Nai Tahu and want to keep the Lagoon and surrounding areas healthy - more could be done, such as 1- Riparian planting around waterways. 2 - Ensure that stock are excluded from stream banks. 3 - Give the Waituna creek esplanade to Nga Tahu, as we think that the would do a better job looking after it.

No

Submission uploaded

I am a trade competitor of the applicant (for the purposes of section 308B of the Resource Management Act 1991)

Outcome sought

I wish Environment Southland to make the following decision

To oppose the application.

Why I wish Environment Southland to make this decision

We are owners of a forestry block at the lower end of Waituna Creek (White pine road). We are concerned that if the lagoon opening is only opened when the level reaches 2.5m (up from 2m) then our access to our property will be restricted and cause damage to our trees through flooding and poor drainage. Under the Emission trading scheme we are liable for any damage.

We also are beneficial owners of Maori land in Otago and Southland. Through past actions similar to this most of tis land has been rendered economically useless. We don't want this to happen again. We have very little faith in what the Crown or their agents say.

We understand the importance of Waituna Lagoon too Nai Tahu and want to keep the Lagoon and surrounding areas healthy - more could be done, such as 1- Riparian planting around waterways. 2 - Ensure that stock are excluded from stream banks. 3 - Give the Waituna creek esplanade to Nga Tahu, as we think that the would do a better job looking after it.

Hearing details
